Facebook	https://www.facebook.com/profile.php?id=100008659955330
U.S. Armed Forces	

Bio 1974 graduated Ohio State University with B.S. in Agricultural Economics and in 2005 graduated from East Carolina University with M.S. in Industrial Distribution and Logistics. Married October 29, 1977. Two children and one grandchild.

Currently retired from RMX Global Logistics after 27 years. Various positions included Vice President of Operations, Director of Business Development and Broker. Also, oversaw regular employee training classes at corporate headquarters in Evergreen, Colorado.

Prior to RMX, I spent 14 years with Keystone Foods Corp., a Pennsylvania based corporation that is a major supplier to McDonald's Corp. of hamburger patties and chicken McNuggets. Various positions included Traffic Manager, Director of Transportation and Assistant Plant Manager in locations in Folcroft, PA (Philadelphia), Nashville, TN. and Reidsville, NC (Greensboro).

During my time with Keystone, I oversaw the national introduction of Chicken McNuggets which entailed organizing various freezers in which the inventory build up was stored and arranging shipments to distribution centers.

Currently enjoying retirement and counting my blessings.
