U.S. Armed Forces

Bio After graduation, my family relocated to Columbus. I left school and started working at the phone company, got married and had a couple of kids.

I was adopted, so in 1989, I was reunited with my birth mother and found out she had married my birth father and had 4 more daughters. I immediately had a second family with 5 sisters. One of the highlights of my life!

I am a news junkie and I love politics. I used to be really quiet but I have found my voice or some would say I've lost my filter!
