Bio	Attended: Kearney State College, Kearney, Nebraska. Bachelors degree. Moved to Denver Colorado, Head of the accounting department for Mobile Home Communities. My father took ill and I moved back to Ohio. After my father passed away I moved to Columbus. My stay in Columbus was not long, I met my husband, married and moved to Michigan. After the birth of my daughter in Michigan and the separation from my husband, I moved back to Ohio. I worked as VP of operations for a National Property Management Co. I worked there for 14 years until the corporate office was moved to San Jose California. I did not want to move to California, since I was a single mom and wanted to keep my daughter close to family. I retired as controller from DJ Seve Group, A national catering company affiliated with McDonald's and NASCAR. I now am enjoying retirement, family and friends.
