U.S. Armed Forces

Bio Went to Syracuse University in upstate New York on a football scholarship. Graduated with a B.S. in Civil Engineering. Have a P.E. license.

Work experience was mostly in structural design consulting. Buildings mostly. Moved around quite a bit with different employers. Washington, D.C. for a couple years, Hibbing, Minnesota for a year, Utah for a few years, Colorado for about 7 years, then back to Ohio. Cincinnati for the first 5 or so years then Columbus. Have worked numerous times for FEMA as a technical assistance contractor. First disaster I went to was in New Orleans for Hurricane Katrina. Divorced, but not before having three great kids.

Used to do a lot of traveling around the U.S., backpacking and camping. Now it is mostly occasional hiking, bike touring, rollerblading and visiting family and old friends.
