Bio 1973: B.S. Degree from Bowling Green State University, Bowling Green Ohio; Major: Biology, Minor: Chemistry. Emphasis: Fresh Water and Marine Biology
1974: Employed by Shedd Aquarium, Chicago, Illinois as a Marine Biologist/Scuba Diver.
1980: Employed by National Aquarium in Baltimore as a member of the Biological Design and Management start-up team.
1982: Employed by Sea World of Florida as an Aquarium Biologist, Supervisor and Diver. Work included extensive experience in collecting sharks off Cape Canaveral and transporting them via driving an 18-wheeler to Sea World Parks in Orlando, San Antonio, Texas, and San Diego, CA. I served as one of the biological transport drivers for marine mammals to various parks.
1991: to present: Employed by the Tennessee Aquarium in Chattanooga TN as a member of the Biological Design and Management start-up team. Work continues as Senior Fish Biologist/Diver.
OTHER ACCOMPLISHMENTS:
Certified Scuba Diver since 1972 with over 3,500 logged dives.
Certified Assistant Scuba Instructor and Dive Master.
Experienced 1,000 foot dive in a 3 person submersible submarine.
Currently working with a New York Publishing Agent to produce a book outlining my work with sharks during the past 43+ years.
Projected retirement: Summer of 2018
