U.S. Armed Forces

No

Bio After High School, attended Steubenville Business College. Married Cris in 1977. Worked in Legal Aid & Public Defenders Office, Athens, Ohio. Moved to Ithaca, NY and worked at Cornell University in Employee Relations Office. Moved to Maryland and began working at Baltimore Law Firm.

Our relocation to Maryland began with my husband's career in the Department of Defense which gave us opportunities to live in Thailand, Italy, Japan, & Germany. In between overseas postings, I went to the MD. Institute College of Art, studying Digital Graphics Design. While living in Thailand, I went to the University of MD/Asia Division for 3 years.

During our posting to Italy, we lived in Rome where I worked for the State Department as the Fine Arts Coordinator for the U.S. Embassy. Upon return to the U.S., I began working with the Archeologists and Staff at Historic Londontown and Gardens in Edgewater, MD, helping with their Artifacts, Education Program, and Graphic Design Projects. In 2012 I also became the Art Director and Designer for Engagement Strategies Magazines and Business Publications.

I am an avid Traveler, and have visited over 30 countries, while living in Thailand for 3 years. Italy 4 yrs., Japan 5 yrs., and Germany 3 yrs..

Currently we are back in MD researching where we hope to retire with our very spoiled world traveling cat, Baci.
