Bio Grew up in WV and moved to Wintersville just before 9th grade.

Following graduation, went to school in Charleston, WV and met my husband there. Sept 2017 will make 45 years. Worked many years for Bethlehem Steel in WV and Costain Coal in Lexington, KY, before moving to Louisville, KY. Finished my working years with LanTech, a manufacturer of Stretch Wrap Machines.

We now live full time on Hilton Head Island. It has been a great ride!
