U.S. Armed Forces	
Bio	I mainly worked in the Automotive parts sales and auto repair business until the late 1990s, then I drove a tractor trailer until 2007 when health issues forced me to retire. I have over 200 lawn tractors that I either repair and resell or just sell parts from them. I used to play some softball and bowled a little. I used to love to shoot pool. I have written some songs. I am a born again Christian and a small time Evangelist, Bible Teacher, fill in preaching as needed now and then for local churches. I sometimes write Christian based letters that appear in the Steubenville Herald Star.
