

To the 1969 WHS Classmates (Aug. 7, 2018),

The heart of this website is the Reference Documents associated with each classmate. This document contains current information about our classmates. This website was started on Aug. 7, 2017 by me (Pat Nuzum). To see my Reference Document, Click <Classmates>, then <Alphabetical>, then < L-N>. You will see a gallery of small photos (Senior picture next to recent picture). Find my old/current face/name and click on it. My two faces should get enlarged. Under this photo of me are the words "image source". Click on <image source> and my Reference Document will be displayed in a separate browser tab.

All Classmate Reference Documents needs to be created and/or updated. If you are reading this, and were in our 1969 Class, you are responsible for sending me your information so I can update yours. Don't forget to send me a recent face photo, too. Use the CONTACT page or my email address (below) to send me your Reference information.

Visit our Facebook Group (Wintersville Warriors Class of 1969) to reminisce with other Facebook Classmates.

Thanks much for your help,
Administrator Pat (PatNuzum50@gmail.com)
